Location: White County Courthouse
Recorded by: Brooke Luna

The White County Steering Committee A met on Monday, September 13, 2021, at the White County Courthouse. **Members of Committee A include Commissioners Lanny Selby, Chairman, Dillard Quick, Cain Rogers, Terry Alley, Lonnie Crouch, Lee Broyles, and Kyle Goff.**

Chairman Selby called the meeting to order and requested roll call. Members present include, Chairman Lanny Selby, Dillard Quick, Kyle Goff, Cain Rogers and Lonnie Crouch. Absent were Commissioners, Lee Broyles and Terry Alley. Also, present was County Executive, Denny W. Robinson. Citizens present in the meeting were Bubba Johnson, Robert Taylor, JD Humphrey, and citizens from Fawn Loop. There being a quorum the meeting was called to order. Prayer was led by Bubba Johnson.

Chairman Selby asked for review and approval of the Minutes from the July 12th, 2021 meeting. With no discussion, Commissioner Rogers made a motion and Commissioner Crouch seconded the motion to approve the Minutes as presented. With no objections the motion was approved.

Chairman Selby opened the floor for an update from Parks & Rec Sub-Committee. Mr. Goff shared with the committee the basketball courts are almost complete. He stated that sub-committee needed approval to purchase four new basketball goals and four new post and nets for the new pickle ball court. He stated that they estimated cost would be in the vicinity of $1800.00. Mr. Rogers asked if Motlow was still involved in the restoration of the courts and Mr. Goff stated that they are going to wrap the goals once they are installed. Mr. Quick made a motion to purchase goals for basketball and pickle ball, seconded by Lonnie Crouch; with no objections, the motion was approved. Commissioner Goff turned the floor over to Executive Robinson to update the committee on the electrical box and lights at the White County Recreational Complex. Executive Robinson shared with the committee that there is a 200-amp electrical system that works the football and soccer field and due to the growth that there have been some electrical issues and the electrical system may need to be upgraded in the near future with a rough estimate of 10k. No action was taken at this time.

The next item of business for Parks and Rec was repair on the goal posts at the basketball courts. Executive Robinson stated that Cloyd's Fencing quoted the repair at $1,329.00 and would need the committee's approval to proceed with the repairs. Commissioner Quick made a motion to approve the repairs and bracing to the basketball goals. Kyle Goff seconded the motion; with no objections, the motion was approved.

Moving on to the next item of business, Chairman Selby asked Executive Robinson about the disposal of the 2 properties (219 E. Bronson St. & 658 N Edgewood Dr) acquired in a tax sale inside city limits. Executive Robinson stated that there needed to be a motion made to allow him to work with the city to dispose of the surplus property which was acquired in a tax sale. Cain Rogers made a motion to allow County Executive Robinson to work with the City Manager to dispose of surplus property, seconded by Lonnie Crouch; with no objections, the motion was approved.

Chairman Selby opened the floor for discussion on the three-way stop at the intersection of Taft, Jerry Parker, & Judge Austin Road. Commissioner Austin stated that Taft Rd turns into Judge Austin Road where the 3-way stop intersects and it is a straight shot and feels that there is no need for the 3-way stop there and there is no obstruction of view at any of the stop signs. After discussion among the commissioners, Commissioner Rogers made a motion to send the decision to full court that the three-way stop be eliminated to a one way stop coming off of Judge Austin Road, seconded by Lonnie Crouch; with no objections, the motion was approved.

Old Business: There was no old business to discuss.

New Business: Dillard Quick addressed the committee stating that in honor of White County native, David Culley, the county and city needed to do something to celebrate his success in being selected as one of the 32 head NFL coaches. That is something that this community is very proud of. It was suggested that when the Nashville Titans play the Houston Texans that the Legislative Body could present David Culley with a proclamation at half time. It was also suggested that maybe one of the new fields at the middle school be named after David Culley. There was no action taken at this time; Executive Robinson stated that he would get with Sparta Mayor, Jeff Young to see if he has any suggestions or ideas.

At this time, Chairman Selby opened the floor to concerned citizens. Each citizen spoke to the committee about road conditions in their neighborhood. We had citizens from Doe Creek, Weaver Rd, and Brooke Meade Subdivision. Each one

addressed to the commissioners their effortless attempts to get any help from the Road Superintendent of White County to get their roads fixed. The problems that each of them is having, are flooding and eroding ditch-lines, blocked tiles, cracks and deep pot-holes in the roadway. Each citizen stated that they have tried numerous times to get these repairs taken care of but have not had any success. After much discussion, Chairman Selby explained to the citizens that there is nothing that they can do to aid in this situation because the Highway Superintendent is an elected position, therefor the County Executive or the White County Legislative Body has no authority over that position.

With no further discussion or business, Chairman Selby gave a calendar update which included the following:

- **Monday, September 20th, 2021 at 6:00 p.m. - WC Legislative Body Regular Call Meeting**
- **Monday, October 4th, 2021 5:30 p.m. - Steering A Committee Meeting**

There being no further business, Commissioner Crouch made a motion to adjourn and Commissioner Rogers seconded the motion. With no objections, the motion was approved.

Neal stated that a representative was supposed to be present at the meeting but couldn't be there due to sickness so he was reporting based on the information he had been given. He stated that the current extrication equipment that the rescue squad currently uses, is over 10 years old and the lines are dry-rotting. He stated that they are needing new hoses or a core change kit, or possibly new equipment. Battery powered equipment is $36K, the Rescue Squad has $15K that they can use to help purchase equipment. He stated that the county has money from Federal & State that could possibly be used. The Care Kit option is in the $30K range to rebuild the old equipment. If the dual hoses were replaced and the dust caps would be $10,231.89. The hoses go out of date and become obsolete at the of the September 2021. Mr. Neal stated that Director of the Rescue Squad said they would prefer the new battery equipment, but they appreciate anything the county would be willing to help with. Chairman Quick requested the Directors report from Solid Waste Director, Gaylen Barlow. Mr. Barlow was not present at the meeting, so Chairman Quick moved to the next item on the agenda.

Chairman Quick opened the floor to Executive Robinson for the Engineer's report. Mr. Robinson shared the following report from John Drewnowski, the engineer for the White County Landfill.

Below is an update on where we stand regarding the ongoing items at the White County Landfill.

Class III/IV Landfill Vertical Expansion

- TDEC has issued the permit (dated 9/14/21) for the Class III/IV landfill vertical expansion. As specified in the facility specific conditions, we will need to have Vick Surveying field locate the Class III/IV edge of the waste boundary. Additionally, edge of waste markers will need to be installed every 150 feet along the perimeter of the waste boundary. Within 180 days, the landfill will need to construct a ditch on the north side of the Class III/IV landfill to direct storm water from the active landfill into the Class I landfill sediment basin. Currently, storm water from this area is flowing offsite onto the adjoining property to the north. An engineer's certification will be required for the constructed ditch and TriAD can coordinate with Vick Surveying and White County Landfill personnel to ensure the ditch is constructed in the proper locations and to the required dimensions.

Class I Landfill Expansion

- On August 23, 2021, TriAD visited the Class I landfill along with White County personnel (Executive Denny Wayne Robinson, Landfill Manager Gaylen Barlow) to discuss the landfill overfill areas and develop a plan to recapture lost air space due to the large quantities of soil within the landfill footprint. In lieu of hauling additional soil cover from the borrow area, landfill personnel have begun the process of removing excess soil cover for reuse and to recover lost airspace. Vick Surveying is scheduled to be at the site on September 23, 2021 to set grade stakes

in the overfill areas, layout the proposed landfill perimeter road, locate the edge of liner, and set additional grade stakes at the existing truck turnaround.

- TriAD provided a proposal from LoJac to White County on August 31, 2021 to conduct the annual Class I landfill leachate line jetting and clean the accumulated sediment from the leachate sump/riser.
- TriAD is continuing to finalize the Class I landfill expansion area permit application documents (engineering narratives and drawings).

Metal Building Construction

- TriAD provided White County with draft construction bid documents for review for metal building construction on September 3, 2021.

Executive Robinson also stated that he would get those approved bid documents to members of the Solid Waste Committee.

Old Business: There was no old business to discuss.

New Business: Executive Robinson addressed the committee stating that a citizen had proposed an offer to sell his property to the county, the location of the five (5) acre property adjoins the animal shelter and the landfill. Mr. Robinson stated that the citizen proposed the offer at $10,000 per acre and asked the committee if this is something they would be interested in him looking into further. After much discussion and looking at a map of the location of the property, the Solid Waste Committee decided they were not interested at this time.

With no other business, Chairman Quick gave a calendar update for the committee. It was as follows:

- Monday, September 20th, 2021 at 6:00 p.m. - WC Legislative Body Regular Call Meeting
- Monday, October 4th, 2021 at 5:30 pm – Next Solid Waste Meeting

There being no further business, Commissioner Lanny Selby made a motion to adjourn, seconded by Commissioner Andy Haston; with no objections, the meeting was adjourned.

Budget Committee Meeting
Date: 08/23/2021
Time: 5:30pm
Location: White County Courthouse

The White County Budget Committee met on Monday, August 23, 2021 at 5:30pm at the White County Courthouse. Members present were Mr. Stanley Neal, Mr. Roger Mason, Mr. Andy Haston, and Mr. Denny Wayne Robinson. Also, present were Mr. Chad Marcum, Mr. Lonnie Crouch, Mr. Dakota White, and Mr. TK Austin. Absent was Mr. Cain Rogers.

There being a quorum present, the meeting was called to order by Mr. Robinson.

Mr. Robinson asked for approval of the minutes from the August 2, 2021 meeting. Mr. Mason made a motion and Mr. Haston seconded the motion to approve the minutes as presented. On a voice vote, the motion was unanimously approved.

The committee considered a General Purpose School Fund line item amendment in the amount $1,500 for speech teacher mileage expenses. Mr. Haston made a motion and Mr. Neal seconded the motion to approve the amendment as presented. On a voice vote, the motion was unanimously approved.

The committee considered three Fiscal Year 2022 School Federal Projects Fund budgets as follows:

1. ESSER 1.0 Grant: Subfund 931 - $15,585.92
2. ESSER 2.0 Grant: Subfund 933 - $3,562,062.24
3. Career Pathways Grant: Subfund 951 - $75,000.00

Mr. Neal made a motion and Mr. Haston seconded the motion to approve the budgets as presented. On a voice vote, the motion was unanimously approved.

Mr. Robinson asked the committee for any old business:

Mr. Haston inquired as to the planned use of American Rescue Plan funds. Mr. Robinson stated that he had received information that TDEC was going to provide grant funding for water and sewer infrastructure projects which the county's ARP funds could be used to fund the match. It was stated that final guidance on the usage of funds is still forthcoming from the Federal Government and that the Tennessee Comptroller's Office is recommending that counties hold their funds until more guidance is provided by the Federal Government this fall.

Mr. Robinson asked the committee for any new business:

Mr. Marcum brought a request to the committee from Mr. Scott Swoape, White County's UT Extension Agent to appropriate funding for an additional full-time extension agent from Tennessee State University. The position would be cost shared at 23%, similar in nature to the way the other full-time extension agents are shared with the University of Tennessee. Mr. Marcum stated that funding for this potential position had been included in the budget for several years in hopes that it would materialize. However, during budget discussions for Fiscal Year 2022 it was removed, since all parties felt that it would not occur. The potential yearly cost to White County is $17,896.48, depending on the new agent's qualifications and experience. Mr.

Marcum stated that he and Mr. Swoape felt that funds could be moved around within the already appropriated Extension Department budget to make it work for this fiscal year, seeing that that hiring process would take a considerable amount of time. Mr. Neal indicated that it should be left up to the next budget committee to make the decision, since they would be working on the Fiscal Year 2023 budget in which this position would become fully effective. Mr. Robinson stated that Tennessee State University was needing an answer soon as to White County's interest in the position and that waiting another month or two was not a feasible option. Mr. Neal then made a motion and Mr. Mason seconded the motion to offer the current budget committee's support for adding the new TSU Extension Agent position. On a voice vote the motion was unanimously approved. Additionally, Mr. White and Mr. Austin, who were both present but not current members of the committee, spoke favorably of the motion.

Mr. Robinson addressed the committee regarding the 2020 census results and the possible need for a recount. Mr. Robinson stated that he was currently investigating several methods to accomplish this, but that it would have to be a self-funded endeavor. The committee took no formal action on the matter.

After discussion, the next meeting was scheduled for Monday, September 13, 2021 following the Solid Waste Committee.

Mr. Mason made a motion and Mr. Neal seconded the motion to adjourn. On a voice vote, the motion was unanimously approved.

August 23, 2021

Honorable Denny Robinson, County Executive
and Honorable Board of Commissioners
White County
1 E. Bockman Way, Room 205
Sparta, TN 38583

Dear Mr. Robinson and Members of the Board:

Thank you for your recent correspondence. We acknowledge receipt on August 19, 2021, of a request from the Mayor of White County (the "County") for approval to issue 2-year General Obligation Capital Outlay Notes in an amount not to exceed $800,000 to be known as the "Capital Outlay Notes, Series 2021" (the "Notes").

Included with the request was a certified copy of Resolution #47-08-2021 adopted on August 16, 2021, authorizing the issuance of the Notes to finance County road projects (the "Project"). The proposed note form was included with the resolution. Please send a copy of the executed note to us along with the completed Report on Debt Obligation within forty-five (45) days of the issuance of the debt herein approved.

Note Approval

This letter constitutes approval for the County to issue the Notes by negotiated sale pursuant to Title 9, Chapter 21, Part 6 of Tennessee Code Annotated. Approval of the sale of the Notes is conditioned upon the County's compliance with all relevant provisions of Tennessee law. Our office has relied upon the County's determination of the cost of the public works project.

The County is responsible for ensuring compliance with Title 9, Chapter 21, Parts 1, 4, and 6 of the Tennessee Code Annotated, its debt management policy, and timely payment of outstanding note principal and interest in accordance with the note provisions.

This letter and the approval to issue debt do not address the compliance with federal tax regulations and should not be relied upon for that purpose. The County should discuss these issues with a tax attorney or bond counsel.

This approval is valid for six months after the date of this letter. If the Notes have not been issued within that time, a new note resolution must be passed by the Governing Body and submitted to this office for approval. Please notify us if the County decides not to issue the Notes.

Purpose, Terms, and Life

This Project meets the definition of a public works project in Tenn. Code Ann. § 9-21-105, and the County may issue notes under the authority of Title 9, Chapter 21 of the Tennessee Code Annotated to finance such Project. The maturity of the Notes does not exceed the life of the proposed Project as attested by the local governing body. The submitted resolution and supporting documents appear to meet the requirements for the issuance of notes in Title 9, Chapter 21 Parts 1, 4, and 6 of the Tennessee Code Annotated. The maximum maturity for the Notes as authorized by the governing body is two fiscal years after the fiscal year the Notes are issued. In its resolution, the County committed to amortize the Notes in a manner that reflects level debt service.

Tennessee Municipal Bond Fund (TMBF) Placement Process

TMBF requested rates on the note issue from a network of banks TMBF works with across the State and presented the lowest rate obtained to the County for its consideration. The TMBF negotiated with the banks to include an additional 0.15% (also called 15 basis points) added to the interest rates submitted by the banks, which, if the County uses the TMBF Alternative Loan Program, will be paid to TMBF over the life of the loan. The cost is calculated annually on the outstanding amount of the note and is paid by the bank to TMBF from periodic interest payments made by the County to the bank.

After Issuance

Our website contains specific compliance requirements your local government will be responsible for once the notes are issued: http://tncot.cc/debt. The listing is not all inclusive.
