To: Prospective Bidders

This addendum modifies the original bidding documents published February 19, 2015, as noted below. Acknowledge receipt of this addendum in the space provided on the Bid Form. Please use the attached Bid Form in place of the original form. Failure to do so may subject the bidder to disqualification.

This addendum consists of 2 pages and 1 attachment page totaling 3 pages.

Changes to Specifications:

1. The last sentence of the 4th full paragraph on page 4 of the Invitation to Bid should read as follows: “Additionally, the prospective company must supply, with their bid, proof of \$10,000,000 current product liability coverage.”
2. Section II, subsection 3-f-vi, part 1 should read as follows: “This compartment should accommodate 2 or more shelves and allow access to the interior ALS compartment.”

Clarifications:

3. Pages 5 and 6 of the Invitation to Bid speak to bonds required for the project. As per the language of Page 5, a performance bond will be required which is equal to 100% of the contract price. This performance bond must be supplied by the awarded bidder to White County upon award of the bid. Neither bid bonds nor payment bonds will be required. Only a performance bond is required.
4. Section II, subsection 12 refers to a Ferno brand cot or its equivalent. The Ferno model used for this specification is a Ferno 35X PROFlexx X-Frame ambulance cot (or equivalent brand and/or model).
5. Section II, subsection 6-a-i asks that any other electrical system proposed by bidders be preapproved, in writing, by White County. To request such pre-approval, submit on company letterhead the electrical system you wish to propose in your bid. Please also submit detailed specifications and information on the

Your request will be evaluated and you will receive a written response, on county letterhead, via email attachment. It is the bidder's responsibility to ensure they have received proper approval before submitting a bid.
6. Section 14, subsection h-ii should have indicated that unit numbering and lettering should be made with 5" letters/numbers which match the existing fleet.
