Robinson explained that since the request was sent to Budget Committee a few months ago, the parts for the currently used equipment that was quoted is now obsolete. Asst. Chief Charlie Tollison presented documents to members that itemized what tools and equipment are needed to update the Rescue Squad truck and the current quotes would be for additional equipment and tools required to meet OSHA standards. In summary, Tollison stated that it would now cost \$43,223.60 for the upgrades. Tollison explained that since the current parts were obsolete, it is impossible to upgrade the current equipment to meet OSHA standards. Furthermore, for the additional cost, the Rescue Squad will get more tools (ex. Batteries, chargers, cables, etc) and better-quality equipment than currently used. The newer tools and equipment are a significant upgrade. Chad Marcum, WC Finance Director stated that the county had received one-time funding allocations from the State of TN (as did every county across the state) for qualifiable expenditures and he had confirmed that emergency equipment such as needed by the Rescue Squad was allowable expenses. Mr. Tollison stated that the Rescue Squad could fund any future maintenance on the equipment. Commissioner Selby made a motion to send a request to Budget for up to \$40,000 to purchase the new equipment/tools. After brief discussions, Commissioner Quick asked Mr. Marcum, Finance Director, if the one-time allocation from the state was enough to fully fund the necessary equipment. Marcum stated, “yes”, funds were available. Commissioner Selby amended his motion. Selby made a motion to forward a recommendation to Budget Committee to consider approval for the full cost (\$43,223.60). of new equipment and tools for the Rescue Squad.
